

## Programme Overview

## Dear customers and business partners,

Thank you for your interest in products and solutions offered by WEICON.

This catalogue gives you an overview of our extensive product range. Extensive, as we have more than 450 adhesives, sealants, technical sprays, high-performance assembly pastes, greases and stripping tools to offer – all from one single source and all presented in this catalogue.

Our products are used in all areas of industry and are also suitable for skilled trades and demanding DIY projects. You can be certain: We offer the right solution for your application!

### Service in a class of its own

In addition to our products, we offer a range of services that is unparalleled in its extent. Whether it's on-site consultations, technical adhesive training, comprehensive advertising material or tests in our laboratory – we support our customers on every level. Would you like to learn more? Then feel free to get in touch with us!

Whether it's in person, via video conference or WhatsApp chat – we are always there for you, anywhere and anytime!

### 75 years

It all started in 1947 with the distribution of tools. Over the past 75 years, we have developed into a manufacturer of special chemical products operating worldwide, with nine international branches, production sites in and around Muenster and the Rhineland, more than 350 employees and about 1,300 trade partners in more than 120 countries.

Our strategic orientation has also evolved in recent years – from a supplier for the industrial and technical sector to a company that also offers products for end consumers via online platforms and our web shop.

As you can see, WEICON is always on the move, but one thing is certain nevertheless:

We at WEICON believe in close connections!

# WE ARE WEICON

As a fourth-generation, family-owned business, WEICON continues to stand for quality, service and reliability.

All WEICON products are made to the highest quality standards. These standards are regularly tested, controlled and certified by renowned institutes around the world.

Another important and essential element of WEICON is the continuous training and growth of our staff.

## Fast and individual service

- ▶ reaction time guaranteed (24h)
- ▶ trained specialists
- ▶ laboratory service
- ▶ individual solutions
- ▶ your personal contact person

## Strong sales support

- ▶ visits to customers of the trading partners
- ▶ bonding tests and selection of adhesives
- ▶ individual product trainings
- ▶ label service
- ▶ application videos

## Process-oriented organization

- ▶ certificate according to DIN EN ISO 9001:2015 and 14001:2015
- ▶ large range of products
- ▶ high product availability
- ▶ next day delivery
- ▶ online support
- ▶ certificates and safety data sheets

## Worldwide sales network

- ▶ diversity of languages 30 languages worldwide
- ▶ nine branches
- ▶ over 1.200 trade partners worldwide
- ▶ over 40 exhibitions worldwide
- ▶ you find us and our products in 120 countries

2-COMPONENT ADHESIVES AND SEALANTS  
EPOXY RESIN SYSTEMS

# PLASTIC METAL

- ▶ providing fast and durable repairs
- ▶ bondings
- ▶ coatings

- ▶ extremely resistant to aggressive substances
- ▶ high-temperature-resistant from -35°C to +280°C
- ▶ pressure-resistant
- ▶ wear-resistant even with extreme abrasion

- ▶ residual elasticity and impact-resistant
- ▶ certified by DNV, ABS and ISEGA
- ▶ metal- or mineral-filled
- ▶ non-corrosive

2-COMPONENT ADHESIVES  
AND SEALANTS  
EPOXY RESIN SYSTEMS

## REPAIR STICKS

The **simple** solution  
for all repair and  
maintenance works.

WEICON Repair Sticks are temperature-resistant from -50°C (-58°F) up to +120°C (+248°F) (briefly up to +150°C/+302°F)\*.

They are resistant to alcohol, ester, salt water, oils, most acids and lyes, free of solvents, and show almost zero cure shrinkage.

\*Repair Stick Titanium up to +300°C (+572°F)

Certified to  
NSF/ANSI 61

Underwater repair  
Repair Stick Aqua

Repair of a pump  
Repair Stick Steel

Repairs in  
food technology  
Repair Stick Multi-Purpose

Repair of a  
gearbox casing  
Epoxy Resin Putty

2-COMPONENT ADHESIVES AND SEALANTS  
EPOXY RESIN SYSTEMS

## EPOXY RESIN PUTTY

The kneadable **universal** repair compound

# WEICON REPAIR KITS

WEICON Belt Repair-Kit and Belt Repair-Kit SF are 2-component polyurethane systems for the fast repair and coating of conveyor belts and rubber linings.

## BELT REPAIR- KIT

## PIPE REPAIR- KIT

for fast repairs  
in only  
30 minutes

The Repair-Kit can be used in various industrial applications for the fast and easy repair of **chemical, steam, process** and **water** pipes.

## MARINE EMERGENCY REPAIR KIT

2-COMPONENT ADHESIVES AND SEALANTS  
EPOXY RESIN SYSTEMS

# EPOXY ADHESIVES

► fast

► safe

► economical

- high tensile and impact strength
- from simple repair and overhaul works to series applications
- considerable reductions in both weight and costs

WEICON Easy-Mix  
Mixing and Dosing  
System

Thanks to the modern mixing and dosing system, all types can be automatically dispensed cleanly and accurately, mixed and applied in just one single step.

2-COMPONENT ADHESIVES AND SEALANTS

# POLYURETHANE SYSTEMS

## URETHANE

45

60

80

85

85 SF

90 SF

WEICON Urethanes are flexible casting and coating resins with high impact strength and abrasion resistance.

They cure at room temperature to tough, rubber-like materials and remain flexible at temperatures down to even -60°C (-76°F).

Repair of  
conveyor belts  
Urethane 85

Bonding ground markings for  
laser systems for the precise  
alignment of structural elements  
Urethane 90 SF

EASY-MIX  
PU-90  
PU-240  
PU Crystal

High-strength, fast-curing  
2-component structural  
adhesives based on  
polyurethane with excellent  
adhesion to a broad  
range of materials.

- fast, strong adhesion, reliable
- high tensile, shear and impact strength
- immediate adhesion even to vertical surfaces
- high initial strength

Gluing an aluminium pipe to a  
plastic front panel  
PU-240

Production of plastic  
sandwich panels  
PU-90

## 2-COMPONENT ADHESIVES AND SEALANTS

**STRUCTURAL  
ACRYLIC  
ADHESIVES**

- high-strength
- residual elasticity
- process-safe

**RK-7000 - 7300**

WEICON Easy Mix RK-7000 - 7300 are structural adhesives based on MMA (methyl methacrylate) with excellent adhesion to e.g. fibre composite materials, many plastics, metals and many other materials.

**PLASTIC-BOND**

WEICON Plastic-Bond is a solvent-free and highly viscous structural adhesive for the bonding of plastic parts.

**PE-PP 50**

Due to its transparent curing, WEICON Easy-Mix PE-PP 50 is especially suitable for creating visually appealing adhesive bonds. Thanks to its special formula, the adhesive is suitable for 0-gap bonds and for connecting surfaces with extremely small bonding gaps of less than 0,2 mm.

**RK-1300/1500**

WEICON RK-1300/RK-1500 Construction Adhesives are 2-component systems based on methacrylate, which cure fast at room temperature.

**WEICON Easy-Mix Dosing System**

Thanks to the modern mixing and dosing system, all types can be automatically dispensed cleanly and accurately, mixed and applied in just one single step.

**WEICON "No-Mix" procedure**

The WEICON "No-Mix" procedure is suited for manufacturing processes with staggered assembly and positioning processes and high cycle times during serial production.

1. Activator

2. Adhesive

3. Join together

Bonding a sleeve into a tank nozzle  
RK-7000

Bonding hard metal strips to a steel mounting  
RK-7100

Repair of a light for the medical sector  
RK-7300

Bonding plastic parts in model making  
Plastic-Bond

Bonding an end cap  
PE-PP 50

Bonding of angle bars  
RK-1300

1-COMPONENT  
ADHESIVES AND SEALANTS

# SEALANTS AND IMPREGNATING AGENTS

## APPLICATION AREAS

In industrial applications, the surfaces of a wide variety of components are impregnated and sealed – whether they are made of metal, plastic, stone or concrete.

Through impregnation and sealing, pores and cavities are closed and sealed. The use of sealants enables optimum results – both in the laboratory with the salt spray test and in operational practice.

- ▶ metal construction (e.g. welds)
- ▶ foundries, foundry products
- ▶ paper industry, paper rolls
- ▶ suppliers for thermal spraying
- ▶ mechanical engineering

reliable sealing of  
pores and cavities

WEICON S 120G

WEICON S 500 HT

WEICON S P61B

▶ threadlocking

▶ retaining

▶ sealing

# 1-COMPONENT ADHESIVES AND SEALANTS WEICONLOCK®

WEICONLOCK® are one-component an-aerobic adhesives and sealants, specially made for metal assembly parts.

For different application areas, we offer our broad range of various types with different strengths and viscosities.

## SEALING OF THREADED PIPES AND FITTINGS

- ▶ threaded connections
- ▶ hydraulic and pneumatic systems
- ▶ cooler and compressed air systems

## THREADLOCKING

- ▶ screws and nuts
- ▶ stud bolts

## RETAINING CYLINDRICAL ASSEMBLIES

- ▶ shaft / hub connections
- ▶ coupling hubs, pulleys, bearings
- ▶ cylindrical parts; slip-, press- or shrunk-fitted

## FLANGE SEALING, GASKETING

- ▶ flanges
- ▶ cases
- ▶ lids

**WEICON DF 175** is a patented thread sealing cord made of 100% PTFE that seals almost all metal and plastic threads permanently and safely.

**Threadlocking Varnish** is a solvent-based, fast-drying securing and marking varnish with good adhesion to many materials.

**Plast-o-Seal®**: permanently plastic universal sealant | enabling immediate assembly

- ▶ for sealing the smoothly treated flanges of machine, gearbox and motor casing flanges
- ▶ to improve the performance of both old and new gaskets made of paper, cork, felt etc.
- ▶ solvent-free – odourless

**WEICON Gasket Maker** is a strong and permanently elastic special sealant that cures with air humidity and practically without shrinkage.

# 1-COMPONENT ADHESIVES AND SEALANTS WEICON LOCK® SUPPLEMENTARY PRODUCTS

▶ Thread Sealing Cord DF 175

▶ Threadlocking Varnish

▶ Plast-o-Seal

▶ Gasket Maker

1-COMPONENT ADHESIVES AND SEALANTS

# CYANOACRYLATE ADHESIVES

WEICON **Contact** are cold-curing one-component adhesives.

They bond within seconds almost all materials, such as metals, glass, wood, plastics, ceramics, leather and rubber.

▶ super fast

▶ economical

▶ versatile

▶ high-temperature-resistant

▶ high peel and impact resistance

# 1-COMPONENT ADHESIVES AND SEALANTS

# ELASTIC

# ADHESIVES

# AND SEALANTS

Today, **elastic adhesives and sealants** are used in many areas of industrial production and assembly.

They combine the advantages of adhesive bonding and sealing technology and are used wherever the elasticity and the sealing of a joint are the most important requirements.

► strong adhesion

► permanent

► paintable

Ergonomic dosing tip for WEICON Presspack products.

The optimised angle geometry ensures fatigue-free working even over longer periods of time. The two-way thread enables an application radius of 180°. Compatible with WEICON dosing tips and brush top.

**INNOVATION**  
Ergo Connect for Presspack

## MS-Polymers

- strong adhesives and sealants for material-integrated joints of metals, plastics and many other substances
- high adhesive strength, even without the use of adhesive primers
- paintable ("wet on wet")
- free of silicone and isocyanates

## Polyurethanes

- adhesives and sealants for a broad range of applications in the fields of metal and plastic processing
- paintable (after curing)
- sandable
- silicone-free
- odourless curing

## Silicones

- high-quality sealants for industrial applications
- high resistance to UV radiation, weather conditions and substances
- resistant to ageing
- can be used in the temperature range up to + 300°C (+572°F)

Bonding of neon signs  
Flex 310 M Crystal

Bonding of gravel to  
pond liner  
Aqua-Flex

Fire resistance up to 120 minutes  
DIN EN 45545-2 R22/23 HL3  
Flex 310 M FireSeal

Sealing of  
heating systems  
HT 300

For applications in sensitive  
areas and for room ventilation  
systems  
Flex 310 M ProSeal

CONTACT ADHESIVES

TECH

NICAL

SPRAYS AND  
LIQUIDS

▶ eco-friendly

▶ economical

▶ effective

WEICON Technical Sprays and Liquids have been used successfully in all areas of production, repair, maintenance, and servicing for many years.

Products that will certainly solve a number of tasks and problems in your company as well.

### Technical Sprays and Liquids for Sensitive Areas

With our selection of chemo-technical products with **food certifications**, we ensure that the right products are available to you meeting your exact requirements in terms of quality and safety for your production, maintenance and repair.

# ANTI SEIZE

ASSEMBLY PASTES

protection against:

▶ corrosion

▶ seizure

▶ wear

WEICON **Anti-Seize** provides protection against the following:

- ▶ corrosion – seizure – wear
- ▶ stick-slip phenomena
- ▶ oxidation and fretting corrosion
- ▶ electrolytic reactions ("cold welding")

**ANTI-SEIZE**

**ANTI-SEIZE HIGH-TECH** NSF

**ANTI-SEIZE NICKEL**

**COPPER PASTE**

for highly stressed parts  
even in **high-temperature** applications  
temperature resistance  
**-180°C to +1.400°C**

Adjustment screws in a steel mill  
Copper Paste

# HIGH PERFORMANCE GREASES

## ALLROUND LUBRICANT

WEICON Allround Lubricants provide long-lasting protection against friction and wear and thus enable:

- ▶ extremely long regreasing intervals
- ▶ increased dependability and value retention of machines and production plants
- ▶ reduction of maintenance and repair works
- ▶ improved economic efficiency

NSF

## SILICONE GREASE

Silicone Grease is a special lubricant for valves, fittings and sealings.

NSF

# SERVICE?

we blog

WEICON®

## TRAININGS

Only with well-trained staff, we can give our customers the best advice and service and offer them exactly what they need.

Our training activities include the close cooperation with the IFAM in Bremen, the training of our back office and field sales staff in our headquarters in Münster as well as in our international branches, and the many trainings for our partners and customers worldwide.

## PRODUCT PRESENTATION

For the optimum product presentation, we offer you our sales and presentation aids on request.

- Floor displays
- Different counter and foam displays
- Catalogues | Industrial and product brochures | Posters | Roll-Ups
- Demo parts

# WEICON TOOLS®

Member of the German Tool Industry Association

Since 1967, we have been developing, producing and distributing a broad range of wire stripping tools. This includes cable knives, wire strippers, dismantling, multi-functional and special tools. Our tools have been developed for accurate, fast and safe stripping of all common cable types. They carry the GS seal of TÜV Nord and were developed with regard to work safety aspects.

The tools are specifically tailored to the needs of professional users, are found in both skilled trades and industrial use, and are also suitable for domestic use.

Discover our  
**WEICON TOOLS®**

Quality and continuity “Made in Germany”  
**INNOVATIVE AND RELIABLE!**

In the development of our high-quality stripping tools, we have been working together with the company Krampe from Ascheberg-Herbern near Muenster since 1990.

Our consistent key focus in the production process is on precision to ensure that the products we offer are always of exceptional quality.

Our products are made of high-quality materials, hold numerous certificates and are characterised by their outstanding functionality and durability.

# Green Line®

## What is Green Line?

Not just a **GREEN** look

Together with a group of experts, we have developed the **WEICON TOOLS Green Line®**. A tool range made of up to 97 % renewable raw materials, which is recyclable and has an excellent life cycle assessment.

**97 %**  
made from renewable  
resources

## Eco-friendly quality

What can we do to enable a sustainable future? That is a question not only many people ask themselves in regards to their own homes, but also more and more companies. We at WEICON have also been tackling this issue for many years.

That is why we have developed the **WEICON TOOLS Green Line®**. In terms of quality, they are in no way inferior to our classic line and are just as robust and durable.

### The material used:

- is based on plant oils, natural waxes, fibres and minerals
- goes through a closed CO<sub>2</sub> cycle and is recyclable
- is largely produced without the use of the finite resource crude oil
- has polyamide-like characteristics
- is produced CO<sub>2</sub> neutrally and with renewable energy

### Production with energy generated in-house

Our tools are produced almost entirely with energy generated in-house – thanks to the photovoltaic systems.

### Green electricity

At our headquarters in Germany, we now rely on 100 % green electricity.

### Cardboard instead of plastic

Our WEICON TOOLS come in a recyclable cardboard packaging.

### Resource-saving production chain

Faulty tools as well as the sprue produced during injection moulding are remelted at the beginning of the production chain.

### Repairing instead of replacing

Our WEICON TOOLS are part of the WEICON company – a producer of special chemical products for industrial use. Chemicals and sustainability are incompatible? Not necessarily. With the help of our products, many things can be repaired instead of thrown out and replaced.

## Wire Strippers

Automatic wire strippers for all common stranded and solid conductors.

A scanning system adjusts automatically to the respective wire diameter, and thus allows fast and easy dismantling and stripping.

## Cable Strippers

WEICON TOOLS cable strippers were developed for reliable, precise, safe and quick stripping of many different cable types. The knives meet the maximum quality requirements and are suitable for use both in skilled trades and industry.

Our cable strippers are registered under patent EU.Pat.no. 1117163 for the working range of 4-28 mm.

## Multi-Purpose Strippers

WEICON TOOLS multi-purpose strippers provide various functions:

Circular and longitudinal stripping, dismantling and cutting.

They allow professional dismantling and cable stripping with just one tool.

## Stripping Tools

WEICON TOOLS stripping tools allow the safe and convenient stripping of a large number of different cable types.

The flexible tools can even be reliably used in hard-to-reach areas and always provide precise results.

## Special Tools

For a series of unusual applications, we provide you with special tools which meet these requirements.

Whether it is the dismantling of large cable diameters, tools for the solar industry or working on high voltage cables, WEICON TOOLS has the solution!

## Tool Sets

With our tool sets, we can offer solutions for almost all industries and different applications.
